## **Pinnacle Stone Products Adds Two New Products**

Pinnacle Stone Products (Pinnacle) is proud and excited to announce the addition of two new products to their collections, Devonshire and Nottingham.

Devonshire and Nottingham add to the diversity of Pinnacle's current product line, bringing the total number of products offered to 32. Below are images and descriptions for the two respective stones.

DEVONSHIRE

Do not be surprised if this beautiful green granite is found lining the walls of the Lost City of Atlantis. A miraculous and purposeful camouflaging of sea kelp greens, blues and browns with black veining brings the treasures of the deep, into our realm.

NOTTINGHAM

Staring is standard when faced with the chiseled texture of this ashlar granite. Deep dark grays are intertwined with sporadic white and pink clusters and deep burgundy blotches in this finely crafted stone harvested from New York's rich soils.

## **About Pinnacle**

Parkesburg, PA - Pinnacle Stone Products produces 100% natural thin stone veneer products for use in residential and commercial building projects. Our unique products are hand-selected for exceptional color and texture from any one of over 50+ quarry operations owned by our parent companies. More information on "The Peak of Quality in Natural Stone Products" can be obtained via [www.pinnaclestoneproducts.com](http://www.pinnaclestoneproducts.com).
